Teacher Work Week

*Thank you for allowing the teachers this last week to prepare their classrooms, and better serve our families. Some of the workshops the teachers participated in this week included: **Process vs. Product**, this training explored the relationship children have to the work they create every-day in our classrooms, and how to best allow them to express themselves. **To Infinity and Beyond**, This workshop discussed the importance of choice in the classroom. By allowing children the openness to explore all the wonderful activities these teachers create for them each week. At the same time providing scaffolding into the coming lessons and activities. **CPR and FIRST AID**, It is a requirement of our school that every single teacher is up to date on the CPR and First Aid certification.*
