

June News Touchstone School

Distance Learning Survey

As you know, during this difficult health crisis we have been offering our distance learning program to enrolled families as a way to continue students' educational progress and keep them in contact with friends and familiar faces from school. The distance learning program is very new, and we want to make continuous improvements to better meet your and your child's needs. To that end, if your child at any point participated in distance learning, you should have received an email inviting you to participate in a brief survey. We would really appreciate your feedback!

A Note From Our Principal

We hope you had a wonderful Memorial Day Weekend! As we move into June and continue our distance learning program, we are planning a lot of fun virtual events that we can do "together" this month. We hope you can join in! If you have any questions or concerns, please let us know.

Sincerely,
Charcie Peabody

Health and Safety Measures

The health and safety of our children and families is always our highest priority. To mitigate the risks of COVID-19 while children are in our care, we have adopted additional health and safety measures based on CDC guidelines, state and local regulations, and the American Academy of Pediatrics. Whenever we can reopen, procedures are outlined on our school website.
